

Bitumat B2

The Bitumat B2 is a high speed flameless automatic welding machine for welding modified bitumen (SBS, APP). It produces a significantly better weld strength and is more economical and safe to use than open flame welding.

Benefits

- ◆ Ergonomic adjustable guide-bar
- ◆ Reliable adjustment of temperature and speed
- ◆ Easily variable blower speed
- ◆ High process reliability
- ◆ High-power nozzle specially developed for bitumen
- ◆ Working speeds up to 12 m/min
- ◆ Flame-free welding of modified bitumen
- ◆ Uniform welding results

Why Buy From Us

The Bitumat B2 is available only through STANMECH and its distributor network. This innovative welding machine has been designed to remove the need for open flame when welding modified bitumen.

Technical Data – Bitumat

Voltage	V~	230
Power consumption	W	6700
Frequency	Hz	50 / 60
Temperature	°C	20 - 650
Speed	m/min	0.8 - 12
Noise level	LpA (dB)	73
Size	mm	690 x 490 x 330
Weight	kg	40
Approval mark:		QPS
