

TOOL 40000

The TOOL 40000 is our most powerful heating device. For continuous operation with high airflow and high temperature. Suitable for building into machinery, in heat tunnels and other applications where extreme heating power is required.

Benefits

- Robust, industrial design
- Highly efficient use of heating power
- Suitable for continuous use
- Designed to be used with the our line of Leister blowers
- Precise delivery of hot air
- Big performance, small design
- Temperature electronically controlled
- Precise temperature control is possible by using our temperature controllers
- Compatible with a wide range of nozzles and fittings

Why Buy From Us

The TOOL 40000 is available only through STANMECH and its distributor network. This robust tool is designed specifically for machine installation with continuous operation.

Technical Data – TOOL 40000

Voltage	V~	3 x 230, 3 x 380-440
Power consumption	kW	28, 29-39
Frequency	Hz	50 / 60
Max. temp.	°C	650, 700
Min. air flow	l/min	2200, 2800-3700
Size (L x W x H)	mm	447 x 312 x 306
Heater tube	mm	160 Ø
Weight	kg	13.5
