

TOOL 700

The TOOL 700 is suitable for building into machinery where moderate temperature control is required.

Benefits

- Compact, robust design
- Suitable for continuous use
- Built-in safety features guard against overheating
- The heating element is protected against the interruption of the air supply
- Designed to be used with the Robust blower
- Precise pinpoint application
- High process reliability
- Precise temperature control is possible by using our temperature controllers

Why Buy From Us

The TOOL 700 is available only through STANMECH and its distributor network. These compact, robust tools are designed specifically for machine installation.

Technical Data – TOOL 700

Voltage	V~	120, 230
Power consumption	W	550, 800
Frequency	Hz	50 / 60
Max. temp.	°C	600
Min. air flow	l/min	80, 100
Size (L x W x H)	mm	191 x 63 x 46
Heater tube	mm	21.3 Ø
Weight	g	260
